

BMS College of Engineering
Department of Information Science and Engineering
CAPSTONE PROJECT PHASE -1
Review - I

Project Title

Batch No:-

Project Team Members:

name1 (usn)
name2 (usn)
name3 (usn)

Under the Guidance of

Dr./Prof. Guide Name
Designation
Department of ISE

Agenda

- Introduction
- Motivation
- Literature Survey
- Problem Statement
- Objective
- References

Introduction

Briefly introduce about your project and its significance.

Motivation

Why did you choose (Motivation/Justification)?

Describe the background of your problem

Existing System

Write about your project existing system and list its merits, demerits and methodology.

Detailed Literature Survey

- Minimum of 15 papers must be included
- One slide per paper with the format given in the next slide

Detailed Literature Survey

- [Citation] Author name and title of the paper- year
 - Methodology
 - Observation (Related to your proposed work)
 - Results

*Complete reference of the paper

Summary-Literature Survey

SL.NO	Title of the Paper	Problem Addressed	Authors Approach / Method	Results
1				
2				
3				
4				

Summary-Literature Survey

SL.NO	Title of the Paper	Problem Addressed	Authors Approach / Method	Results
5				
6				
7				
8				

Proposed System

write about your project proposed system and possible outcomes.

Objectives

Write your project objectives(Should be Achievable and Feasible)

- Objective 1
- Objective 2
-

References

List minimum 15 related papers of your project in IEEE format.

For example:-

- [1] M. Lu and F. Li, "Survey on lie group machine learning," in Big Data Mining and Analytics, vol. 3, no. 4, pp. 235-258, Dec. 2020, doi: 10.26599/BDMA.2020.9020011.
